Please drive to the road conditions and take care when passing trucks. Use caution when traversing a flooded creek as the road surface may have been damaged, submerged matter may not be visible and underlying currents may be swift. Road shoulders on both sealed and unsealed roads become soft during flooding and rain events. Please slow down and exercise caution when approaching oncoming traffic or allowing traffic to pass on a narrow sealed road. **A new report will be issued when conditions change**. Should you have any further enquiries please do not hesitate to contact Barcoo Shire Council by telephone (07) 4658 6900 or via email shire@barcoo.qld.gov.au
